Special Terms for CDR Portal Access for Correctional Facilities**

Date Special Terms Enacted _____

Participant (Full legal name of Participant):

Special Terms: notwithstanding any conflicting terms in the Participation Terms and Conditions or Schedules, OneHealthPort will provide Participant HIE Services from the initiation of such services, subject to the following additional understandings:

1. No Annual Subscription fees will be assessed to the Participant for its use of the HIE Services as described below in (2), for a minimum period of 12 months from the first date Participant accesses the HIE Services.
2. Participant's use of HIE Services at no cost as described in (1) above is limited to accessing the Clinical Data Repository's Clinical Portal by use of the OneHealthPort Single Sign-On System.
3. If at any time Participant wishes to utilize any of the other OneHealthPort HIE Services, Participant will waive its no cost access to HIE Services and OneHealthPort's Annual Subscription fees will apply from the first date of such use of additional HIE Services.
4. If Participant wishes to terminate use of HIE Services, Participant must provide written notice and OneHealthPort will inactivate Participant's users' access to the Clinical Data Repository's Clinical Portal.
5. Participant acknowledges that Participant, its agents, and its independent contractors, will access the Clinical Data Repository Clinical Portal only when all the following conditions are met: 1) Participant has lawful custody of an individual whose information is contained in the Clinical Data Repository Clinical Portal, 2) the information Participant accesses through the Clinical Data Repository Clinical Portal is the minimum necessary information to provide health care to such individual for purposes consistent with HIPAA [see 45 C.F.R. §§ 164.502(a)(1)(ii) and 164.512(k)(5)], and 3) the OneHealthPort Single Sign-On Subscribers authorized by Participant to access the Clinical Data Repository Clinical Portal are exclusively those Subscribers who are providing patient care to the individuals whose records they access.
6. Participant acknowledges that its use of the OneHealthPort Single Sign-On system and the OneHealthPort HIE is consistent with requirements under Washington State law as described in RCW 70.02.
7. Participant acknowledges that it has executed a OneHealthPort Single Sign-On Participating Organization Agreement and that it is familiar with the requirements for appointing a OneHealthPort Administrator and managing the provision of system access to individual Subscribers under the OneHealthPort Single Sign-On Participating Organization Terms.

Agreed, as of _____, 2021.
